

Client Zone

OneCore Client Zone – is a **self-service portal** that offers your clients an overview of contracts, invoices, requests, and communication history – 24 hours a day, 7 days a week.

This **intuitive web application** allows leasing and finance companies to offer their customers access to contracts, documents, changes, and requests without having to

contact support and wait for a response. They log in and **solve everything they need themselves** – securely, clearly, and online.

**24/7 access
to up-to-date
information**

**Security
and Compliance**

**Satisfied
clients**

**Faster internal
processes**

Key features

Access to contracts

Electronic submission of requests: for data change, contract termination, mileage reporting, driver change, and more

Notifications of upcoming payments or important changes

Overview of communication history and request status

Responsive and multilingual environment

Possibility to customize the design to the client's branding

Integration with backend systems and data interfaces

Whether your company is growing, changing systems, or expanding, **OneCore Client Zone adapts to your needs**. We provide digital solutions that enhance customer satisfaction, save time, and reduce operational

costs. Through integration with your ERP or CRM system, you can efficiently handle client requests without unnecessary paperwork.
